

LATISSE® (bimatoprost ophthalmic solution) 0.03%

Before and after photos at week 16

BEFORE Without LATISSE® and without mascara

AFTER At week 16, with LATISSE® and without mascara

Real patient. Results may vary. Paid user. **PRESCRIPTION ONLY.** Unretouched, real lashes. No mascara. No extensions. No lash inserts.

LATISSE® (bimatoprost ophthalmic solution) 0.03% Important Information

Approved Use

LATISSE® is an FDA-approved treatment to grow eyelashes for people with inadequate or not enough lashes.

Important Safety Information

Do not use LATISSE® if you are allergic to one of its ingredients. If you use/used prescription products for eye pressure problems, use LATISSE® under doctor care. May cause brown darkening of the colored part of the eye which is likely permanent. LATISSE® may cause eyelid skin darkening which may be reversible. Only apply at base of upper lashes. **DO NOT APPLY** to lower lid. Hair may grow outside the treatment area. If you have eye problems/surgery, consult your doctor. Common side effects include itchy and red eyes. If discontinued, lashes gradually return to previous appearance.

These are not all the possible side effects of LATISSE®. For more information, please talk to your doctor.

Please see LATISSE® full Product Information.
